We are grateful for everything the Lord has done in 2022. We have been able to serve missionaries with cars, computers, clothing, food and so much more.

The picture above was taken in November when Steve came over to speak at a Thanksgiving service in the Netherlands. He stayed for two weeks and it was good to meet again face to face and talk about the history of Hands to Serve.

We are blessed with the 25 people that serve here on a weekly basis and look forward to what the Lord has in store for us in 2023.

One of the projects we did this year was for a missionary working with a Christian orphanage in the Far East.

Here are the children learning together with the use of a single mobile phone.

We could prepare some laptops and send them to these children.

Now they have a better situation where they can do their schooling using these laptops for their lessons.

We are thankful we could help organize these computers and amazed how the Lord can use a few laptops to bless these children.

We are also thankful for the safety for the missionaries that have used the loan cars this year. Please continue to pray for Randy and the men working on these cars and the missionaries using them. In the coming weeks ...

- * We have missionaries from Zimbabwe coming to pick up a loan car that work in a mission hospital.
- * Another car will leave with a couple that works with children in South Africa.
- * Another family will come for a car they work in Suriname with handicapped people.
- * Another car goes to a couple working in a slum in Brazil.
- * We will provide a car for a MAF pilot working in South America.
- * A car is available for bible translators working in Papua New Guinea.

Please pray that all these people will have a good time with their family and supporters.
